

Blamey Community Group Inc.

The Blamey Community Group is run by volunteer Defence partners. We are Tri-service and welcome Defence and affiliated members, their families, and Veterans in the Wagga Wagga region.

Due to the complexities of working with in training establishments, we understand and strive to create an environment to support the unique lifestyle and challenges couples, families face during this posting also with deployments, relocation, transition, and day to day life.

BCG have a wonderful welcoming space at the Kapooka community centre where we offer all kinds of social, supportive, educational and holiday events that we subsidise to support, enrich, and connect our community. Not only at the centre but at different venues across Wagga Wagga.

Our Centre also has a part time Co-ordinator which allows us to further our support allowing our Centre to be open on a permanent basis in one of the best facilities in NSW.

‘Home is where Defence life takes Us, and its Community Groups like this, that support Us’
